

## Activity form for classes III to VIII only

Dear Parent,

Greeting for the Day!!

The School always encourages its students to take a keen interest in activities for their all- round development. The various activities and games being organized in the School are divided into two groups. Now that students are expected to go to the next class, each student from Class III to VIII is expected to select one activity from each of the two groups. The child will pursue each activity twice a week.

As the number of seats in each activity is limited, it may not be possible to accommodate each child in the activity of his/ her first choice. It would, therefore, be advisable to indicate a second, and even a third option also from each group.

**Kindly note that once an activity has been selected, the child will not be allowed to change the same until the academic year.**

Please complete the Consent Form (printed overleaf) and return it to the respective class teacher.

With warm regards,

Poonam Saini

**Principal**

**GDGPS, Indore**
